

For Immediate Release:

Visit [Texas.gov/PropertyTaxes](https://www.texas.gov/PropertyTaxes) to find a link to your local property tax database on which you can easily access information regarding your property taxes, including information regarding the amount of taxes that each entity that taxes your property will impose if the entity adopts its proposed tax rate. Your local property tax database will be updated regularly during August and September as local elected officials propose and adopt the property tax rates that will determine how much you pay in property taxes.

An option to register to receive email notifications regarding updates to the property tax database is found at the bottom of the Search Screen by following the Tax Transparency link shown on the CAD's Webpage: www.wheelercad.org.

You may request the same information from the assessor of each taxing unit for your property by requesting their contact information from your county's assessor at:

Wheeler County Tax Assessor/Collector:

Cindy Brown

Wheeler County Tax Office

The County Tax Assessor does not determine property values or tax rates.
